

React Back-up Spanner

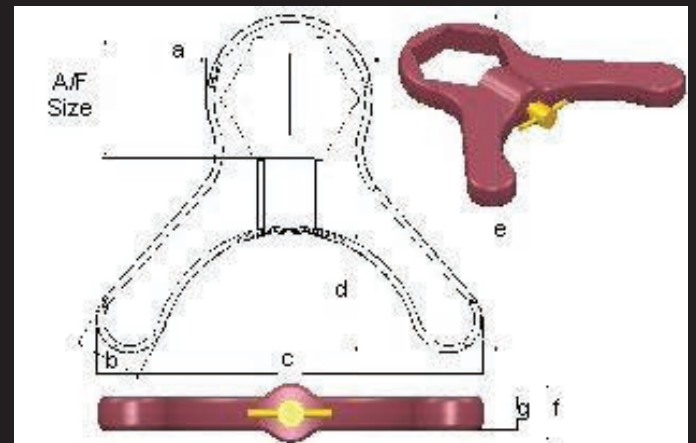

Integrated Solutions
to Piping Problems

Introducing the Patriot "React" back-up spanner. Providing an easier and safer method of locking off the nut on the other end of a studbolt from a torquing tool and thus prevent the nut from rotating.

The "React" fixes to the nut removing the need to hold the spanner in place and in doing so we aim to greatly reduce the number of hand and finger injuries caused by this operation.

	A/F Size		Dimensions in mm							
	mm	Imp	a	b	c	d	e	f	g	
RBS 1	32mm	1 1/4"	75	40	196	64	161	26	15	
	36mm	1 7/16"	75	40	196	64	161	26	15	
	41mm	1 5/8"	75	40	196	64	161	26	15	
	46mm	1 13/16"	75	40	196	64	161	26	15	
	50mm	2"	75	40	196	64	161	26	15	
RBS 2	55mm	2 3/16"	99	40	229	70	198	35	20	
	60mm	2 3/8"	99	40	229	70	198	35	20	
	65mm	2 9/16"	99	40	229	70	198	35	20	
	70mm	2 3/4"	99	40	229	70	198	35	20
